

DUG THEIR OWN GRAVES

Two Men Fatally Hurt and 11 Others Injured To-day

IN NEW YORK R. R. TUNNEL

Only Yesterday a Similar Accident Happened, in Which 12 Men Were Buried Under Tons of Earth and Rock.

New York, Oct. 18.—Two men were probably fatally injured, and 11 were badly injured early today, by being caught in a slide of rock which had been removed by a blast in the Pennsylvania railroad tunnel under Sixth avenue and 32 street. The workmen did not enter the tunnel until some time after the blast. Two Italians are dying in the hospital with a fractured skull.

Only yesterday a similar accident happened, in which 12 men were buried by a similar cave-in. They were all rescued alive, although several were near suffocation. The men owe their lives to the peculiar condition in which the rock wall happened to be at the time the accident occurred. They were working about eight feet below the street level, burrowing transversely into the rock with picks and drills. They had scooped out a curve-like hole in the rock, rather shallow, but deep enough so that by crouching close to the wall, they were able to avoid the direct force of the mass of falling earth and debris, which slid off the top of the ledge above, loosened by repeated blastings in the neighborhood.

BUTTE BANK BUSTS.

F. A. Heinze Was One of the Leading Stockholders.

Butte, Mont., Oct. 18.—Because of the suspension of what are known as the Heinze banking firms in New York, a run was started yesterday on the State Savings bank, in which F. A. Heinze is a leading stockholder and director and that the bank availing itself of the 30 days' privilege, closed its doors. None of the other banks, it is said, are affected. They experienced no runs. The deposits of the bank are \$3,500,000 and of the savings department about \$7,250,000, the latter largely from working people of Butte. The State has about \$75,000 of its funds in the bank. It is said that Otto Heinze & Co. did not owe the bank a dollar, and that F. A. Heinze owes it less than \$500,000 which is already secured.

Mr. Largent, the president over it, about \$7,500 and he is able to pay many times that amount.

The bank holds on hand about \$800,000 and its deposits amount to about \$3,000,000. There are about 6,000 depositors, of whom 75 are commercial depositors. The others are workingmen and women.

The directors announce that they will proceed with the building of a new bank, building, which is nearing completion, at a cost of \$200,000.

ALL HANDS LOST NEAR ST. ABBE HEAD

Danish Steamer Alfred Erlendson Went Ashore Last Night and It Was Impossible to Reach Her.

Edinburgh, Scotland, Oct. 18.—All hands were swept last night from the Danish steamer Alfred Erlendson which went ashore near St. Abbe Head, and were drowned. The steamer struck last evening and it was impossible to reach her during the night. At dawn it was seen that she was wrecked and there were no signs of life on board.

It was later learned that three of the crew of 21 were saved. One, a woman survivor, lashed to the spar, was washed up by the waves and dragged to safety by crews on the beach. The Erlendson's boats were dashed to pieces when the crew tried to launch them.

TEXAS BANK FAILS.

Reported to Have Been Hit By The German Bank Failure.

Houston, Tex., Oct. 18.—T. W. House, private banker, filed a general assignment yesterday under the state law. W. B. Chew, W. D. Cleveland and J. S. Rice were named as assignees. They gave bonds in the sum of \$100,000 before Judge Norman G. Kittrell. It is stated that the resources are sufficient to pay creditors 100 cents on the dollar.

Inability to realize on securities not readily convertible into cash is the only cause given for the assignment. The House bank was established in 1838 by the father of the present banker. It was not incorporated and has never made any statement of any character of its affairs. House has enormous holdings of land and other investments in many portions of Texas, and has been rated as one of the state's wealthiest citizens.

It is said the bank has deposits of more than \$2,000,000. The failure yesterday of the banking house in Hamburg is said to have had a direct bearing on the failure. The first intimation of the embarrassment was when all the clearing house bank checks were thrown out yesterday afternoon after a prolonged meeting of the clearing house directors.

CLAIMS WOMAN SLANDERED HIM.

Rutland, Oct. 18.—Abraham Karan, an Assyrian peddler, has brought suit in the Rutland county court to recover \$1,200 damages from Maria Hartnett of Proctor, whom he alleges slandered him, when on the woman's complaint Karan was tried August 14 for selling liquor illegally and was acquitted. The woman claims that the suit is an action of spite.

WAR OF MAGNATES STILL UNSETTLED

Harriman is Chafing Under The Delay Caused By The Counting Of The Proxies In Illinois Central R. R. Election.

Chicago, Oct. 18.—Until three men, who are locked in a room assiduously counting proxies, are able to report to the stockholders of the Illinois Central road there will be no election of directors. Twice yesterday the stockholders assembled, only to be told that the proxy inspectors were not prepared to report. The final adjournment was taken shortly after three o'clock in the afternoon until two o'clock this afternoon.

The attorneys for Mr. Harriman chafed under the delays. When it was evident at the morning meeting that the committee would not be able to report, Mr. Cromwell proposed to ex-Judge Edgar Farrar, who represents Mr. Fish, that all the proxies be thrown upon a table in the general meeting and that conflicting proxies be thrown out. This would have killed all the revocations that have been made and the proposition was promptly declined by Mr. Farrar. Mr. Cromwell expressed himself as anxious for a "show down." The final adjournment, however, declined even to consider the plan and Mr. Cromwell was forced to acquiesce in the delay.

SOCIETY IS STIRRED.

By The Marriage of Alfred L. du Pont, Powder Man.

Wilmington, Del., Oct. 18.—A sensation was created among society people here when the marriage of Alfred L. du Pont, vice-president of the powder company, to Mrs. Alicia Bradford Maddox, the divorced wife of his former private secretary, was announced.

Many members of the wealthy du Pont family are said to be dissatisfied with the marital affairs of the groom.

Mr. du Pont secured the divorce from his first wife at Sioux Falls, S. D., on Dec. 8 last, on the grounds of "extreme cruelty and inhuman treatment." When a reporter called at the residence of Benjie Gardiner du Pont the caretaker said that Mrs. du Pont—she retains her marriage name—was in Canada with her two older daughters.

"I am sure Mrs. du Pont knew nothing about the plans of her former husband said the caretaker."

NO BOMB THROWN AT SEC. TAFT

Report of Attempt on His Life in Manila Was Denied, The Police Finding Nothing to Substantiate It.

Manila, Oct. 18.—Almost simultaneously with the report that an attempt had been made to throw a bomb at Secretary Taft at a reception in his honor at the Tempus Fugit in the rear and in a break as he passed under the wire. Before Geers could get him on his feet the other horses were a quarter of a mile in the lead and he was hopelessly shut out. Cordero won easily. Margaret O. easily took the next three heats. After the second heat both Cordero could do was to trail the field and take second money in the final summary.

Out of ten starters in the second race for 217 paces, five caught the flag in the first and second heats. Major Malow had no trouble in winning in consecutive heats.

Lottie M. took the first heat in the 218 trot, but Iron took the next three heats, handsomely winning the race.

FIVE WERE DISTANCED.

Defeat of Tempus Fugit Was the Surprise at Lexington.

Lexington, Ky., Oct. 18.—The defeat of Tempus Fugit in the first race yesterday was the greatest surprise of the meeting thus far. The starter let the field go with Tempus Fugit in the rear and in a break as he passed under the wire. Before Geers could get him on his feet the other horses were a quarter of a mile in the lead and he was hopelessly shut out. Cordero won easily. Margaret O. easily took the next three heats. After the second heat both Cordero could do was to trail the field and take second money in the final summary.

20 MEN BURIED 80 FEET DEEP, ALL ALIVE

Crouched in Shallow Hole and Avoided Great Landslide Over Their Heads.

New York, Oct. 18.—Twelve laborers were buried 20 feet under a huge landslide in the excavation for the new Pennsylvania station on Thirty-third street, yesterday. After an hour's frantic effort the men were rescued.

They were all more or less injured, two were near suffocation and two were taken to a hospital.

The men, working about 80 feet below the street, had scooped out a hole in the rock, in which, by crouching, they avoided the falling earth and debris loosened by a blast.

NO WITHDRAWALS MADE.

Bartlett and Whitney Tickets, Still in the Field in Massachusetts.

Boston, Oct. 18.—The time for withdrawal of names of persons nominated for state officers expired at five o'clock yesterday afternoon, but there were no changes on the various state tickets and both General Charles W. Bartlett of Newton and Henry M. Whitney of Brookline will appear as candidates for governor at the November election. The ballot law commission will report to the secretary of state some time this afternoon as to whether the word "Democrat" shall appear after the name of one of the candidates as the result of the hearing now in progress on the recent convention at Springfield, when both were nominated. Nomination papers, however, have been filed for both men.

Just before the office of the secretary of state closed yesterday, nomination papers for John H. Moran as district attorney of Suffolk county were filed.

PREACHER IS IN JAIL

Rev. Mr. Bullard of Brandon Arrested in Boston

FOR LARCENY OF BOOKS

It Is Alleged That a Clerk in Goodspeed's Store Caught the Vermont Man Tucking a Valuable Book Under His Coat.

Boston, Mass., Oct. 18.—The Rev. Frederick L. Bullard of the Congregational church of Brandon, Vt., was arrested yesterday for the theft of several valuable books from two local book stores and for the theft of a camera from a local photographic supply store. One of the books is a catechism more than 300 years old and valued at \$30. The prices of the other books ranged down to \$3.

At the store of Charles E. Goodspeed, Park street, a number of books have been missing of late and the police were called in. Bullard was arrested by a plain clothes officer just as he was consulting the catechism. He refused to communicate with any of his Brandon friends to secure bail and was taken to the Tombs. He is believed to have a mania for old books.

HOW HE WAS ARRESTED.

At Goodspeed's store a clerk late in the afternoon saw an aristocratic-looking man, with large, expressive blue eyes and a vandyke beard, suddenly tuck a volume beneath his coat. For weeks book dealers of the city have been watching for a thief, who has been purloining the most expensive editions from their shelves, and the clerk who saw the theft was quick to pounce upon the minister.

The latter's face turned to an ashen hue as he realized that he had been found out. He pleaded for mercy and in a spasm of terror betrayed his identity. He offered to make restitution and to pay for the book the clerk declared he had seen him put beneath his coat, but his entreaties were of no avail. Word was sent to police headquarters, and Inspector Sheehan, with Detective Sergeant Pelton were at once dispatched to Park street.

When the Rev. Mr. Bullard saw the police officers he became panic stricken. With a wild rush he attempted to get through the door and into the street. The matter of preventing him was simple, for they had in advance made such a move impossible. As he realized that he was in the toils, Mr. Bullard gave way to violent weeping. He admitted that he had taken the book, but pleaded that it was his first offense.

He declared that he and his wife and five children were due in Boston during the day and that he had promised to meet them at one of the most fashionable hotels. To verify this statement, an investigation was made and Mrs. Bullard was found as her husband said she would be. She almost collapsed when told of his arrest and would have rushed at once to the city prison, where he was detained, had he not left explicit instructions that he would not see her.

When Mr. Bullard reached the prison he collapsed. As the iron frame clanged after him, he threw himself on the bunk, where he attempted to hide his face in the blanket, and wept spasmodically. All the afternoon until dark, he alternately moaned and prayed.

The books Bullard had when he was arrested were: "A Catechism," by Norwood, published in London, Eng., in 1573, valued at \$30; and "Stevenson's 'An Inland Voyage,' first edition, valued at \$20. These were from the Goodspeed store. He is charged with the larceny of a book valued at \$3, on Oct. 14, from the store of the Charles E. Lauriat company, 365 Washington street, and five books valued at \$7.50 on Oct. 16 from some person unknown.

Among the other books recovered from Bullard were "English Comic Dramatists," "Suetonius' 'Lives of the Caesars,'" "Tales from Shakespeare," by Charles and Mary Lamb; "Corot," by Ethel Birnsting and Alice Pollard; "The Evolution of Master Key," by Schooby, and "Modern Synopsism," by Dickinson. He also had a camera valued at \$25 which the police charge was stolen from the Boston Camera exchange.

The police say that they have reason to suspect that Bullard has stolen many more and valuable books which were taken to New York and sold to grasping bibliophiles for large sums of money.

HAVE FAITH IN HIM.

Brandon Parishioners of Rev. Mr. Bullard Refuse to Believe.

Brandon, Oct. 18.—When word was received here last night of the arrest of Rev. Frederick Lauriston Bullard of Brandon yesterday, much surprise was manifested in this town, where he has a wide circle of friends and acquaintances. Many believe the arrest resulted from some mistake, as Rev. Mr. Bullard's reputation here is excellent.

Rev. Mr. Bullard came to Brandon two years ago from Saratoga Springs, N. Y., to become pastor of the Congregational church. He was highly recommended and had served for nearly three years as pastor of the Congregational church in Saratoga Springs. He has been prominent in interdenominational work here.

ONLY TWO DAYS' SESSION.

For State Dairymen Instead of Three The Coming Year.

F. L. Davis of Poultney, secretary, R. A. Hatt of Ryeapoint and George Demore of St. Johnsbury, vice-president, and C. F. Smith of Burlington, of the State Dairymen's association, met in Montpelier yesterday afternoon to make plans for the next annual meeting of the association the coming week in January, 1908. With these officers met Prof. J. L. Hills of Burlington and H. B. Chapin of Middlebury, secretary of the Maple Sugar Makers' association.

The place of holding the next annual meeting was not fixed. It will be at Montpelier, Burlington or Rutland. Among the prominent speakers already engaged are Prof. Spellman of Washington, D. C., an expert on grasses and feed stuffs. Prof. C. L. Beach and Prof. J. L. Hills of Burlington.

Premiums of from \$600 to \$800 for butter will be paid this year on the pro rata plan, instead of in special premiums.

The program will be changed so that the dairymen will be in session only two days instead of three and the banquet will be on the evening of the closing day. The sugar makers will have the entire day and evening of the first day. Instead of having a special evening the ladies auxiliary will this year intersperse their speeches with those of the dairymen's convention.

The exact dates and the places of holding these annual meetings will be fixed within a few days.

He went out for a walk that afternoon and not returning at supper time a search was made for him. It resulted in finding his lifeless body in about three feet of water at eight o'clock that night. It appeared that Mr. Calderwood was walking across the dam and slipped off into the water from which he had not strength to raise himself. He had been in poor health for two or three years and quite feeble the last few months. For many years Mr. Calderwood had been prominent in town affairs.

"READ THEM A LESSON"

Urged E. Gerry Brown to Ballot Law Commission

THROW OUT BOTH TICKETS

It Would Not Hurt the Democratic Party to Massachusetts He Declared to Have Them Both Dismissed.

Boston, Oct. 18.—E. Gerry Brown pleaded with the ballot law commission for 20 minutes this morning to throw out both Democratic tickets nominated at Springfield. "Without order there could be no convention," said he. The testimony shows that the Springfield gathering was in disorder from the moment the gavel fell. The leadership of the Democratic party must have been outside the theatre; it certainly was not inside. The commission should read these men a lesson. It would not injure the Democratic party to declare that there was no convention, and the legislature can restore their rights. By denying that either ticket is representative, you will be doing the party its greatest service. George L. Mayberry followed with the summing up of the arguments on the validity of the Bartlett nomination.

If He Could Get It—The Mayorality of Boston.

Boston, Oct. 18.—It looks as if the Good Government association had at last found a mayoralty candidate, in Dr. Morton H. Prince, whose father was once elected mayor of Boston on a Democratic ticket. Prince said today that he would accept a nomination. It is not yet certain whether he will be acceptable to the Republican city organization.

MINISTERIAL DEAD LINE.

And Allurements of Commercial Life Bars to the Ministry.

Cleveland, Ohio, Oct. 18.—The allurements of commercial life and fear of the ministerial dead line are given as reasons for the alarming decrease in the number of young men entering the ministry by the Congregational national council, which held its final meeting here yesterday. The report of Prof. C. S. Nash of California on "Ministerial Training and Equipment," aroused the discussion. A series of delegates engaged in the argument. Increased pay for ministers was one only solution suggested.

Dr. C. L. Morgan of Illinois said: "Congregations seem to think that a minister should labor for nothing. We cannot blame young men if they do not venture their own lives and their families in such a precarious career as the ministry affords."

GRANTED \$13,500 FOR HIS INJURIES

Fred W. Savage Got Big Award in Suit Against Rutland Railroad For Wreck Injuries.

Rutland, Oct. 18.—A jury in federal court here yesterday afternoon awarded Fred W. Savage, a Greenville, N. Mr. Savage is suffering from neurasthenia and nerve specialists during the trial expressed doubt as to his recovery.

The railroad admitted its liability and the jury's duty was to apportion the damages only. It required three hours to reach a verdict.

PLAN TO WIPE OUT BASE BALL DEBT

Directors Met Last Night and Decided to Call a Meeting for Next Friday Evening.

The directors of the Jeter's baseball team are making efforts to wipe out the debt remaining from the past disastrous season, and a meeting was held last night in this city for discussing plans to raise money. The association is now about \$4,000 in debt, having paid up a loan of \$400 which was used chiefly to pay something on the back salaries of the ball players. Having made a promise to the players that they would settle the balance the directors are anxious to make good that promise, and to wipe out the other bills.

At last night's meeting, it was planned to hold a fair, one in this city and the other in Montpelier, the latter following about a month after the first. They expressed confidence that the popularity of the fair as a money-raiser and the justice of the cause—paying honest debts—would insure a large attendance and liberal patronage of all the amusements. No they have called a meeting of the stockholders of the association to be held in Miles' hall in this city next Friday evening, October 25, to settle upon plans.

A small sum has been raised by subscription in the two cities, and this, as well as the proceeds of the last "fat men's" game, was devoted to cancelling the note of \$400. There should be a good attendance at this meeting next week. If the decision is reached to hold fairs in Barre and Montpelier, committees of workers will be named at once, they to direct, with the co-operation of all to back them up.

ACCUSED BROTHERS

Of Assaulting Him Very Viciously

WARREN MAN PLAINTIFF

Trial of George Atkins vs. Earl and Orrville Hanks Was Started in County Court Today—Alleged Assault an Old One.

Claiming trespass, George Atkins of Warren is suing Earl and Orrville Hanks, also of Warren, in Washington county court. The case was started this forenoon at ten o'clock. The trespass is alleged to have taken place on December 29, 1901. The story goes that the three men met on a narrow path, and the plaintiff claims that the two defendants went out of their way to assault him. He avers that he was badly bruised about the head and that he has not yet entirely recovered from the injuries sustained at their hands.

On their side, the defendants say that if Atkins received any injuries from the hurts were inflicted while they were defending themselves from his attack, for they claim that he was the aggressor in the melee.

The case was entered for the September term of county court in 1903, and has since been carried along on the docket. T. R. and J. W. Gordon appear for the plaintiff and the Senters for the defendants.

Yesterday afternoon Judge Waterman heard the divorce case of Mrs. E. M. Moffat of Roxbury against John Moffat, brought for intolerable severity and refusal to support. Decision was reserved. Z. S. Stanton appeared for the petitioner.

Arguments were completed today in the Barre case of Mrs. Elizabeth LeClair vs. G. Tomas, the allegation being assault in a trespass case. The woman claimed that Tomas had been forcing her to have sexual intercourse with him, and that he exerted a pre-natal influence on her child and that the child as a result had a deformed arm. Mrs. LeClair is a woman of the anti-race-justice sort, being the mother of seventeen children, eleven of whom are now living, she testified.

The defendant, Tomas, denied everything when put on the stand.

The arguments in the LeClair vs. Tomas case were completed last evening just before adjournment for the day, and the charge was given to the jury this morning. The jury took the case at ten o'clock, after which the Warren trespass case was taken up.

Goldie Sun Morse, who is under indictment for uttering forged paper, and who has been out on bail for \$800, was in county court yesterday and new bail was fixed for the same amount. Napoleon Berry of Montpelier and E. H. Davis of Montpelier went on her bail. Her case is set for trial at the present term of Washington county court.

NEW TRIAL DENIED.

Joseph H. Marshall in Jail For False Personation.

The petition of Joseph H. Marshall for a new trial has been denied by supreme court. The respondent is now serving a sentence of not less than five years in state prison at Windsor for false personation, of which he was convicted in Chittenden county court. Marshall claimed that justice had not been done him and asked for a rehearing of his case in supreme court. The verdict of the lower court had been reversed in the Lamolite county court case of Douglas vs. Carr and the cause remanded. In county court the plaintiff was awarded a verdict of \$65 damages and costs for an assault in a mail car on the St.
